Chris Baker has been consulting to Government and Industry since 2006 following 15 years of practical process improvement experience. His background in manufacturing and service delivery operations allows him to apply lean / six sigma techniques and change management leadership in a diverse range of environments.

Chris's draws upon his extensive management experience to help teams drive improvements and focus on creating greater value for their customers. As a Lean Six Sigma Business Specialist, Chris provides training and project support to help Vative's clients drive measurable improvement in performance. His clear passion for lean, combined with his engaging style and practical approach, are key factors in his ability to help teams make the transition to a lean culture.
